Refreshments 5-6pm

All in the upstairs waiting room

Crossley Street Surgery, Wetherby, Drop In Event
On Thursday 6th July 2017 3pm – 6pm

Come and meet the **Patient Participation Group** and some of the staff at Crossley Street Surgery
Followed by a **Q&A session** with Dr Rickwood and Dr Salisbury at 6pm

- You will be able to meet staff, learn more about some of our Partnership organisations such as **Wise** (Wetherby in Support of the Elderly), **Connect Well**, and our **Patient Participation Group**.
- There will be an opportunity to learn more about Patient Participation Groups and why they are valuable to both General Practice and their patients. You will also be able to join us for a meeting if you wish, later in the year.
- Did you know you can **order your prescription, or make an appointment online**? We can help you sign up for this service and give you a demonstration of how it works. This will be a drop-in workshop in our upstairs meeting room.
- Have you used our **Surgery POD**? This can measure your weight, blood pressure and gather other health related information without the need to see the Nurse or GP, and will put the information straight into your record. We can give you a demonstration.
- Are you confused by **blood/sample bottles or medical equipment**? Our staff will be happy to assist and explain things in more detail.
- Come and meet our **Practice CPR dummy** – she's called Annie and doesn't say very much!
- During the course of the afternoon there will be **light refreshments available**, courtesy of the Crossley Street Surgery, Patient Participation Group.

At 6pm, Drs Ellis Rickwood and Mark Salisbury will be holding a **Q&A session**, answering all your questions about the Practice and the current issues in the NHS (We regret they will be unable to answer any questions of a medical or personal nature) If you would like to **book a place at the Q&A session**, please contact our reception team.
