

CROSSLEY STREET SURGERY

HOW TO MAKE A COMPLAINT

It is the intention of Crossley Street Surgery to provide a high standard of care; however there may unfortunately be times when you feel this has not happened.

If you are unhappy with the treatment or service you have received from this practice then you are entitled to have your complaint considered and to receive a response from us.

Who should I complain to?

The first stage of the NHS complaints procedure is 'Local Resolution'. Local resolution aims to resolve complaints quickly and as close to the source of the complaint as possible. If you have concerns please raise them immediately by speaking to any member of the practice e.g. A doctor, nurse, receptionist or the practice manager. We will always take any concerns you raise seriously and will try to resolve your concerns there and then.

What do I do if I am still unhappy?

If your concern has not been dealt with satisfactorily and you want to continue with your complaint you can do this orally or in writing (including e-mail) to Anita Hampson, Practice Manager. Please post your complaint to Crossley Street Surgery, Crossley Street, Wetherby, LS22 6RT or e-mail enquiries.crossleystreet@nhs.net.

What will happen when you receive my formal complaint?

The Practice Manager will acknowledge receipt of your complaint within three working days of receiving your complaint.

She will discuss with you how you would like her to progress with your complaint and you will be offered the opportunity to meet with her to discuss your complaint in person.

Your complaint will be investigated thoroughly and we will discuss and agree with you when you will get a response to your complaint.

We will aim to: -

- Find out what happened and what went wrong;
- Make it possible for you to discuss the problem with those concerned, if you would like this;
- Make sure you receive an apology, where this is appropriate;
- Identify what we can do to make sure the problem doesn't happen again

We hope that at the end of the process you will feel satisfied that we have dealt with the matter thoroughly.

We hope that if you have a problem you will use our complaints procedure. We believe that this will give you the best chance of putting right whatever has gone wrong and an opportunity to improve our practice.
